

Welcome to the "NEW" CRUISE COLLECTION. From the end of next month, Cruise Collection will operate, under my ownership, from the same premises and with the same telephone and email contacts. Gudrun will continue to work with me and we will be dedicating our efforts to looking after our repeat and referred clientele, as our most valuable asset is your ongoing support.

Our focus will be concentrated on providing and improving our Silversea cruise holiday program with more included benefits and opportunities to travel at unbeatable fares. In 2011 we have a great selection of independent and hosted holidays to a variety of destinations, including sectors on the Silver Spirit World Cruise and Monaco Grand Prix Tour.

These cruise holidays are priced in Australian Dollars and include Silver Savings which can reduce at any time. Prices on our Antarctic tour on PA2 in November 2011 have recently increased by \$2,000 per person but we can guarantee our original best fare if you book and deposit by 31st July 2010, with deposits fully refundable if cancelled up to 4 months prior to departure. I will be hosting this tour, which also includes South Georgia and the Falklands, and there are only 6 spaces still available, so deposit now to enjoy one of the great travel experiences in the world.

If our Hosted tours don't suit your requirements, we can still book any Silversea cruise at the best available price using our on-line booking system, providing the added benefits and experience which makes a CRUISE COLLECTION holiday unique.

As a special "Thank You" to our loyal clients there are many complimentary inclusions in our new tour program and a summary of all tours for 2011 are listed on the next page. Take advantage of early booking savings and plan your next cruise holiday of a lifetime now? Gudrun and I await your call.

Lyn Adrian
